PROJECTS

umusio | Baltimore, MD   June 2014 - August 2016

Free music app for iOS devices

Allowed users to search for music and create playlists in an intuitive user interface comparable to paid services such as Apple Music or Spotify. Algorithm matched songs to YouTube videos and streamed them for free. Amassed 1 million+ downloads.

WCHS News | Catonsville, MD   September 2016 - May 2017

Centralized source of information for Catonsville High students

Increased student involvement in school activities by providing an on-demand look at announcements normally made over school PA system. Also provided portal allowing students to quickly view their current grades.
